

GERMANY MAKES
PLAIN HER VIEWSDefinite Understanding With France
Is Likely.

POUR PARLERS CONTINUE

HOW THE SITUATION IS VIEWED
IN BERLIN.

Paris, June 18.—The improvement in the Franco-German situation took a more definite turn today as the semi-official version of yesterday's conference between Premier Rouvier and Prince von Radolin, the German ambassador, became known. This version shows that the ambassador asked France to accept in principle the plan for an international conference, leaving the details to be adjusted later. Premier Rouvier answered that he desired at first to be advised upon Germany's object in securing the conference and the questions it would be called upon to consider. As the result of instructions from Berlin, Prince von Radolin was able to respond to these inquiries and to give definite information regarding the German government's ideas upon the scope and limitations of the conference. More particularly was he able to relieve the conference plan from any appearance of being a preliminary step to override French prestige in Morocco.

Pour Parlers Continue.

With these explanations, pour parlers will continue with a good prospect of resulting in a definite agreement. There is, however, a necessity for further exchanges between the governments with the view of fully defining the extent of the conference.

Premier Rouvier also conferred at considerable length with Paul Cambon, the French ambassador to Great Britain, following the latter's conversation with Lord Lansdowne, the British foreign minister. These conversations showed that the British declaration to participate in the conference had been entirely free from the belligerent tone ascribed to it.

Moreover, Great Britain is resolved to adhere to article 9 of the declaration of April 8, which says:

"The two governments agree to lend each other diplomatic support in the execution of the clauses of this declaration."

Great Britain intends to loyally interpret this article, and, according to the indications furnished by her, will assist France in settling Moroccan affairs. Therefore, if the conference takes place, Great Britain will participate therein with the proviso that the scope of the conference must first be clearly defined.

INSERTED A WEDGE.

German Diplomacy Came Between
France and England.

Berlin, June 18.—The expression through a semi-official newspaper of Paris that Great Britain does not support France steadfastly in the Moroccan dispute, pleases German observers, because that is precisely the view upon which the German foreign office presses France to participate in the international conference. Germany maintains that Great Britain offers no serious objection and has informed Germany that she will participate in the conference if France does.

Opinion here today is that German diplomacy has inserted a wedge between France and Great Britain and destroyed the growing friendship between them by putting France in such a position that she made demands on the friendship which Great Britain would not meet.

Dispatches from Prince von Radolin, the German ambassador at Paris, which were received last night, were forwarded dull and gloomy to the emperor at Homburg, where he was on board the imperial yacht Hohenzollern preparatory to going to Heligoland.

ARE PLEASED WITH ZION

Iowa Teachers Think Salt Lake Superior to Denver, En Route to the Fair.

Salt Lake City was highly praised yesterday by the 125 Iowa school teachers who stopped here en route to the Portland fair. Every one of the pedagogues was agreeably pleased with Zion, many declaring it far ahead of Denver as a residence place.

The teachers, in charge of Professor Z. C. Thornburg, arrived here at 10 o'clock yesterday morning, having been met at Provo by Robert Wilson, city passenger agent for the Rock Island. Mr. Wilson had arranged a programme of entertainment. The morning was spent in a tour on the "Seeing Salt Lake City Cars" and in an inspection of the temple grounds. At 5 p. m. the party went to the lake. At 9 p. m. the teachers attended a special organ recital.

The teachers leave at 10:35 o'clock this morning in their Rock Island special for Sacramento, and will go to Los Angeles before taking in the centennial. The special consists of five splendidly equipped coaches.

TO CELEBRATE AT LAGOON

Odd Fellows and Daughters of Rebe-
kah Expect to Have a
Gala Outing.

The annual celebration of the Independent Order of Odd Fellows and of the Daughters of Rebekah will take place Wednesday at the Lagoon. The entire jurisdiction of Utah, numbering 3,000 Odd Fellows and 1,200 Rebekahs, is expected to take part in the exercises.

One of the features will be a baseball game between Logan and Park City, and there will also be field sports for boys and girls. The I. O. O. F. Orphans' Home will be the beneficiary of the outing.

TEAMSTERS WILL
CALL STRIKE OFFPrediction Made by Federation of
Labor Official.

NEGRO IS FATALLY HURT

MGB MISTOOK HIM FOR A STRIKE
BREAKER.

Chicago, June 18.—It was freely predicted tonight by both members of the Employers' association and labor leaders that the teamsters' strike will be a thing of the past before the end of the present week.

According to one of the officials of the Chicago Federation of Labor the strike will be called off entirely by the strikers themselves.

As a step toward this end it was decided today at an executive meeting of the Chicago Federation of Labor to begin missionary work tomorrow with members of the Teamsters' joint council. An endeavor will be made to bring a majority of the officials to favor calling the strike off. When this has been accomplished these members of the joint council are to advocate such a course to the strikers and finally a referendum vote of the strikers is to be taken.

Another Conference.

In addition to this proposed plan the more conservative element among the union men devoted the greater portion of today in preparing for the conference tomorrow with the representatives of the Employers' association and a committee from the strikers' ranks. This committee is acting apart from President Shea and his "board of strategy."

Unless both sides to the conference show a willingness to compromise this effort for peace will result in failure.

It developed at the meeting of the Federation of Labor today that there exists a great deal of dissatisfaction among the different unions. Several members of the strike committee who were present stated that they had never been consulted by President Shea and his lieutenants in any proposed move and threatened to resign from the committee. The disgruntled members, however, were prevailed upon to remain members of the controlling body.

Will Probably Die.

Charles Tull, colored, and two companions, who arrived here today from Iowa, were mistaken for strike-breakers at Forty-seventh street and Ashland avenue and were attacked by a crowd of strike sympathizers. Tull's companion escaped uninjured, but he was not so fortunate. After a long chase Tull was overtaken by his pursuers and when rescued by the police an effort was being made to lynch him. Tull first was clubbed and kicked into unconsciousness and then was taken to the hospital. He probably will die.

Seven important witnesses, it was said tonight, will go before the grand jury tomorrow and tell what they know of the bribery charges in connection with labor troubles.

State Attorney Healy said tonight that the testimony to be given this week would be of a sensational character, and that a number of indictments against both employers and labor leaders would ensue.

WAS KNOWN IN OGDEN.

Los Angeles Suicide Employed in
Utah for a Time.

Ogden, June 18.—H. I. Barber, whose death under peculiar conditions was told in the Herald's special today from Los Angeles, was formerly in Ogden, where he worked first for the Sidney Stevens Implement company and

later for the Ogden Implement company. He was employed as bookkeeper by the Stevens company about three months ago and worked about six months.

Charles H. Stevens of that firm remembers him as a good bookkeeper, making an extensive trip along the Pacific coast in the interests of the Terre Haute firm for which he was working. It was only this morning that he received a letter from him in which he stated that he was well and hoped to be in Salt Lake this week. It was a cheerful letter and there was nothing in it to indicate that he was in any difficulty whatever.

"I have telegraphed to his brother in Hartford, Conn., informing him that I have requested a friend in Los Angeles to have the body embalmed and that I am waiting for instructions for the disposition of the remains. I would go to Los Angeles myself, but I am not in good health, and must follow my physician's advice."

STATE NEWS

EAGLE WILL SCREAM.

American Fork to Properly Celebrate
the Fourth.

American Fork, June 18.—At the mass meeting held here last evening it was unanimously decided to celebrate the nation's birthday in a glowing style. Immediate preparations will begin, and from the present patriotic feeling now manifested the celebration promises to be one of the most rousing demonstrations ever held in American Fork. The exact character of the celebration is yet to be decided upon. However, that will receive immediate attention, as the time for preparation is very limited.

Arrangements have been made to have the Heber baseball team and the local cross-hats here on the afternoon of July 4. The locals will be strengthened for the event and present a better argument of the national spirit than they did in Heber Friday last.

Sham & Storrs, the railway contractors, who have their large outfit at this place, have just been awarded the contract of running a short spur from the Rio Grande Western railway, in Tintic, to a nearby mine, the name of which has not as yet been given out. The contractors are loading their outfit here today and expect to be on the ground ready for action by the coming Tuesday. They will use only part of their outfit, as the job is small, and will not last over one month. They are expecting some larger railway contracts in the near future, which will require their entire outfit, which is estimated as being worth \$10,000, and will cover a period of about two years. They will in the probability seek the contract for the construction of the spur of the Rio Grande Western to the mine.

Mrs. Heber McNeil of this place is in a very serious condition, suffering with a cerebral case of heart trouble caused by the birth of her last child about three months ago.

John Grandchurn and others of this place left here yesterday for the Utah reservation, where they go to select a suitable location for a ranch, providing the opening of the reservation will be such that they can secure it.

The Thornton & Son Lumber company of this place has established a branch business in Pleasant Grove.

Alex. Cummings of Skutumpah Featherstone, both of this place, arrived home yesterday from Sugar City, Ida., where they have spent the past month.

The American Fork baseball and basketball teams arrived home last evening from Heber City, where they were trailed down to defeat. The second game of the series, as arranged, was not played for an unknown cause.

John Wootton and wife of this place left here yesterday for Portland, Ore., where they will attend the exposition. Mr. Wootton goes also as a delegate from Utah county to the Good Roads convention, which will shortly convene there.

The local baseball team will meet the Brigham miners on Thursday, June 22. The game will be played here on the city park diamond.

Mrs. Gus Mullinger of Salt Lake City is visiting American Fork as the guest of her parents, Mr. and Mrs. Joseph B. Forbes.

Mrs. John Frazer and Mrs. Ida King of Brigham canyon are here visiting for a short time at the guests of their parents, Mr. and Mrs. Joseph King.

Mrs. John Herbert of Shelley, Ida., is visiting here as the guest of her parents.

Notice calling for the election of a school trustee have been posted. The election will be held only the present incumbent is George Cunningham, and an effort will be made to re-elect him.

Mac place have left here for a three months' stay in Kansas City as the guests of relatives. Born to Mr. and Mrs. Joseph Oakley of this place, a son.

Miss Pearl Oler of Shelley, Ida., formerly of this place, is visiting relatives here.

Miss Josephine Snow of Lehi, formerly of this place, was here yesterday furthering her chance in the telegram contest for a free trip to the Portland fair. Miss Snow is survived by her mother, who is the successful one from this district. Miss Moore of Provo is her closest rival.

LEHI'S FLOUR MILLS.

Will Be the Finest in the State When
Completed.

Lehi, June 18.—Lehi will soon have one of the finest grist mills in the state, built by the Lehi Mill & Elevator company. Twenty thousand dollars in stock has been subscribed by local capitalists, and work on the structure, which will be located east of town, will be commenced at an early day and rushed to completion in time for the fall trade. Since the erection of the sugar factory on the site of the old Mullins mill site, the people have had to take their grain to miles elsewhere, and the new enterprise is welcomed as a much needed blessing in a business way.

The Osmose run on the left over syrup at the sugar factory, having been completed, the Lehi mill has been removed and shipped to the Garland factory. The mill, which cost \$10,000, will be replaced by the new one, which will be housed in a building in which it will be housed has already commenced and will be completed before the next season's run.

Dr. C. O. Townsend and Professor E. C. Ridge, who for the past three years have been conducting experiments in the lines of producing a single germ beet under the direction of the department at Washington, are in Lehi for the summer and are continuing their experiments at the Saratoga farm. Their work at present consists of poisoning the single germ beet flowers with pollen from other single germ flowers, and then covering the plants with sacks made from gauze to prevent insects from carrying to them pollen from mulberry and other plants. The fields of beet thus treated have the appearance of a cemetery filled with grave stones.

The masons have about completed the foundation of the new Central school house, and work on the brick will be commenced next week. The foundation is of black limestone, laid in regular courses, and the walls will be of cream colored pressed brick.

The Utah Sugar company employees had an outing at the city park yesterday, which was treated generally by the citizens as a holiday. They day was devoted principally to sports of various kinds. In the afternoon there was a ball game between Lehi and Provo, resulting in a victory for the Sugar team by a score of 2 to 1. Lehi has the best ball team in its history, and is only a few days away from a championship again, having won 14 last year.

Next Thursday Lehi and Heber will play baseball in the afternoon, and in the evening there will be a basketball game between a team of young ladies from each of the two towns. As each team has won a game from the other, the contest Thursday is looked forward to with much interest.

PARALYTIC STROKE.

Pioneer of Silver City, Utah, in Ser-
ious Condition.

Silver City, June 18.—Thomas R. Short, the pioneer of Silver City, Utah, suffered a paralytic stroke at 9:30 last evening. Mr. Short has lately been in the city for some time.

best of health, having walked over to Mammoth and Robinson the other day, and his illness will come as a shock to his many friends.

He was sitting among a few friends and acquaintances when he suddenly fell from his chair unconscious. He was carried into the Paxman house and Dr. Hensel of Europa was hastily summoned. After the arrival of the physician he rallied somewhat, but he is still in a precarious condition.

Mr. Short came to Silver City in 1884 and has been here ever since. His many friends will be sorry to hear of his misfortune. He has interests in the mines and prospects in and around Silver City. The cause of his illness is due to a severe dose of lead, which had at one time caused partial paralysis to his right arm.

LOW RATE EXCURSIONS TO THE
SEABOARD

Via New York City with privilege of stop-over on return trip.

The Lake Shore & Michigan Southern railway will sell round trip tickets from Chicago to Ashbury Park and return on June 29, July 1 and 2, at rates of \$23.50, good returning not later than July 10, with privilege of extension until August 21, by deposit of ticket and payment of 50 cents.

Don't miss this opportunity of spending your vacation at the seaside. If you are particular as to comfort and service, we offer something a little superior to any other line. See that your ticket reads via the Lake Shore, the route of the "20th century limited." Send for itinerary to
